• An Excellent knowledge of Business intelligence tools

• Good Software Coding skills

• Autonomous and quick & self-learner

• A professional attitude with strong interpersonal and communication skills at different levels

• Excellent communication skills, fluent level of English (written and spoken) is a must

• Excellent organisational and problem-solving skills

• Passion and ability to learn new languages and technologies

• Identifying solutions to achieve the client's requirements

## •Key skills to be a successful Team member

• Attention to details

• Numerate with an affinity for data

• Ability to work under pressure whilst maintaining a cool outlook

• Good organisational and time management skills

• Interpersonal skills

• A personable and professional character that will allow you to build client rapport

• The confidence to give clients trust in your work

• A good understanding of Acteol's software, CRM and segmentation

• Understanding the data, we are dealing with

• And lastly, but most importantly, support each other and enjoy what you do.

## •Where & When

• The job is based in ACTEOL office in Sfax,Tunisia

• The basic working hours will be between 8:30am and 6:30pm, Monday to Friday, although you may have to work longer

  if you have deadlines to meet.

## •About Us

• We are a marketing software company who specialises in providing enterprise data solutions to blue chip companies in the UK and
  Europe.  We have a small account management team based in London who works directly with our clients, in addition to which we
  have a development team based overseas who manage the development and coding part of the business.

• We have been growing steadily in recent years and now need an additional resource to help us manage an increasing client base
  and future growth plans.

• You can find out more about us at www.acteol.com

• ACTEOL is an Equal Opportunity/Affirmative Action Employer. All qualified applicants will receive consideration for employment
  without regard to race, colour, religion, sex, pregnancy, sexual orientation, gender identity, national origin, age, protected veteran
  status, or disability status.
